Last Night's Report.

NEW YORK, March 30.—Mr. Hoxie has consented to arbitration, the details of settlement to be arranged with him in St. Louis, whether the executive board will go to-morrow. The story of to-day as given by the board is as follows: The whole discussion between Mr. Gould and Mr. Powderly was on the subject of arbitration generally, and on which there was unanimity of opinion. Mr. Gould expressed himself very favorably, but as the matter of adjudicating differences had been referred to Mr. Hoxie, the following telegram was sent at a request of Mr. Powderly:

NEW YORK, March 30, H. M. Hoxie, General Manager, St. Louis: Will you meet the general executive board of the Knights of Labor, or the committee of your employees from the Knights of Labor, for the purpose of hearing what their cause of complaint was, and for the purpose of making a settlement of the present difficulties, alike honorable to both parties, either on the basis of arbitration or by mutual agreement, the same being binding on all parties?

A. L. HOPKINS.

In answer to which, the following was received and delivered to Mr. Powderly, about 6 o'clock:

ST. LOUIS, Mo., March 30. A. L. Hopkins: Replying to your inquiry of this date, I have to say that yesterday I received from Mr. Gould the following message: [Here is quoted the message, beginning, "In resuming the movement of trains," etc.] To which I sent the following message:

Jay Gould: I have your message in relation to your interview with Mr. Powderly and also the letter of instruction, and will carry out the same to the best of my ability. I am therefore, willing to meet a committee of your employees, without discrimination, who are actually at work in the service of the company at any time such committee is appointed, to adjudicate with them any grievance that they may have.

H. M. HOXIE.

Mr. Powderly being so exhausted by sickness, returned to his home in Scranton at 6 o'clock to-night. The others of the board leave for St. Louis to-morrow morning. The following dispatch was sent to Mr. Irons to-night:

NEW YORK, March 30.

Martin Irons, St. Louis: Have been in conference all day with the result that Vice-President Hoxie, agrees to the following: [Here follows the telegram of Mr. Hoxie consenting to arbitration.] Have your executive committee order the men to work and also select a special committee from the employees of the Missouri Pacific, to wait on Mr. Hoxie, to adjust any grievance, do

this as quickly as possible. The board will leave for St. Louis to-morrow.

FREDERICK TURNER.

Thus ended the work of the general executive board in this city. KANSAS CITY, March 30.—The Missouri Pacific passenger train that left here for St. Louis this evening, was detained for half an hour between Kansas City and Independence by obstructions, which had been placed upon the track. The engineer discovered the barriers in time to stop.

WAR LIKELY.

Greece May Precipitate it Within a Week.

By Cable to THE SENTINEL.

LONDON, March 31.—The Times says it is possible that Greece may precipitate war within a week.

Torpedoes are to be sunk in the channel to oppose any entrance of the allied fleet into Athens' seaport without the consent of Greece. The preparations result from Russia's secretly encouraging advances to Greece.

Indianapolis Telephone Service.

By Telegram to THE SENTINEL.

INDIANAPOLIS, March 31.—A local syndicate has been formed with a view to leasing the plant and the exchange of the Central Telephone company, and to continue the operation of the phones under the \$3 law. The local men who have been examining into the matter think they can operate the phones at a profit under the slate law, and are willing to undertake it, but the telephone company are not likely to agree to the proposition, as it is generally understood that the Bell company, which practically controls the Central company, does not want its phones operated at \$3 a month.

Rivers on a High.

By Telegram to THE SENTINEL.

LYNCHBURG, Va., March 31.—The heavy rains of the last four days have caused a great rise in the James river.

CHATTANOOGA, Tenn., March 31.—Heavy rains prevailed throughout East Tennessee last night. The water is still rising. No train has left the city or come in since Monday.

LEXINGTON, Va., March 31.—The North river is eight feet higher than ever known and is still rising. It is still raining.

A Big Failure.

By Telegram to THE SENTINEL.

Congressional News.

Mr. Platt yesterday addressed the senate on the Washington territory bill, which he characterized as an enabling act. He gave statistics of the population and resources of the territory, and asserted that on this showing it was entitled to admission as a state.

Voorhees introduced a bill for the admission of Montana in the place of a bill originally introduced by him. The bill now introduced by Voorhees was an enabling act, while the first bill provided for the immediate admission of the territory.

HOUSE.

Randall, of Pennsylvania, asked unanimous consent to offer the following resolution:

Resolved, That a committee of five members be appointed whose duty it shall be to investigate the circumstances and causes attending the killing on the 18th of March, 1886, in Carrollton, Mississippi, of a number of colored citizens of said state.

Reagan, of Texas, objected, on the ground that congress had no jurisdiction over the matter. Randall then asked to have the resolution referred, but Mr. Reagan objected, notwithstanding the request made by Mr. Barkdale in behalf of the Mississippi delegation, that there might be no objection.

Mr. O'Neil, from the committee on labor, reported a bill providing for a speedy settlement of the controversies between common carriers and employees. Referred to the committee of the whole. The house immediately went into "committee," with Mr. Springer, of Illinois, in the chair, for consideration of that measure.

Fine plate glass windows were put in front of the Grand Central dining room. Capt. Bradley will beam behind them.

Hon. Eli W. Brown, of Columbia City, was in town last evening.

Capt. Frank Rawles is suffering from a dislocated ankle.

THE ranges of the West are claimed and occupied to such an extent that there are no longer opportunities for the introduction of large herds. One who wishes now to engage in the business must purchase a range and the herd occupying it. This state of affairs has caused capitalists to look elsewhere for a cattle-growing country. Longing eyes are turned toward the islands in the Pacific, along the coast of Alaska, which Lieut. Schwatka pronounces the best cattle country in the world. Others are studying the pampas countries of South America, and still others are attracted to old Mexico. Some well-known cattlemen of Texas have engaged in the business in Paraguay, and quite a number of Colorado cattlemen have invested in Mexico.

WHAT WE HEAR.

The News Round About that Caught the Reporter's Eye.

The epizootic is prevailing in a mild form in Wabash county.

The head of the late Vice-President Hendricks will be placed on the new silver certificates.

There are nearly 1,400 school children in Wabash, an increase of ninety-eight during the year.

A joint stock company has been organized in Kokomo, with \$2,500 as a beginning, to bore for natural gas.

Terrence V. Powderly, at the head of the Knights of Labor, says there 300,000 members of the order in the United States.

The Indiana state christian temperance union is in convention at the Central Christian church, Indianapolis, this afternoon.

John H. Dannettell was nominated for mayor by the republicans of Evansville last night, on a platform favoring payment of the debt and a low rate of interest.

While en route for the southern prison Lynch made three attempts to throw himself from the car window. He said he was tired of life, and that death would be a relief.

The old cemetery at Wabash is so full of graves that no more can be made without disturbing the bones of old tenants, and the council will probably prohibit further interment.

It is officially stated that General John A. Logan, Senator Harrison, General Burdette, commander G. A. R., and Congressman Steele will be at Indianapolis during G. A. R. festival week.

Uniform Rank, No. 6, of Kokomo, are making active preparations to enter the contest for first money at the world's competitive drill, which takes place in June, at Toronto, Canada. This famous division has taken over \$2,000 in prizes.

On Saturday night the residence of Wm. H. Buford, at English, with all its contents, including \$315 in money, was burned. Mrs. Buford, in escaping from the burning building, was severely burned in the face. Mr. Buford's loss is \$2,000. No insurance.

The Valparaiso (Porter county) water works company has been formally incorporated with a capital stock of \$100,000 by the following gentlemen: S. V. Seale, Henry B. Smith, Isaac H. Bill, Bay City, Mich.; DeForest L. Skinner, Michael S. Harold and D. A. Salver, of Valparaiso.

Dave Crane, an accomplice of the Archers, has been arrested and placed under \$1,000 bonds at Shoals to answer for helping to murder Stanford Freeman on the evening of October 8, 1887. It is thought sufficient evidence can be produced to convict him. More arrests are expected to follow.

Some time ago E. H. Scott, trustee of the Indianapolis, Peru and Chicago road, who resides at Laporte, presented the city with a \$500 fountain for use in the water works park, and now he has again manifested his liberality by giving the superintendent of the works a check for \$50, to be used in ornamenting the grounds.

At Marietta, Crawford county, the house of George W. Davis was entered and a pocket-book containing \$335 was taken from the pocket of his pantaloons. Davis, who is a blacksmith next day found his pocket-book near his blacksmith shop, and in it was \$70 in gold and \$135 in paper, but \$130 in paper was gone. It is supposed the burglar, in taking the money from the pocket-book, dropped the book, and as it was very dark and rainy, was unable to find it.

William Rahm, state senator from Vanderburg county, has been nominated for mayor of Evansville by the democratic convention on a platform demanding the scaling of the city debt 50 per cent., with 4 per cent. interest on redemption, bonds to be used instead of present bonds. The republican convention will oppose this action and favor the payment of the debt virtually at par, but with 4 or 5 per cent. interest in future, instead of the present high rates. The city election of April 5 will turn upon this question.

Miner Brothers, of Evansville, the largest retail dry goods house in Southern Indiana, assigned late yesterday afternoon, all real estate, personal property and stock of goods to secure their creditors, of whom the following are among the principal ones: H. B. Claffin, \$41,284; Switzer & Pembroke, \$19,296; E. C. Jeffrey, \$22,816; all of New York; Mrs. Susan Jennings, Boston, \$10,000. The total liabilities are \$182,482; assets estimated at about \$200,000. Reason of failure, inability to collect outstanding accounts.

In the supreme court yesterday a decision was rendered of special interest to the city of Evansville. When her charter was granted, more than forty years ago, it provided that the tax levy for municipal purposes should not exceed three-fourths of one cent, but a more recent legislative enactment increased the limit to one and one-fourth cents. William Warren applied for a perpetual injunction to prevent the collection of taxes in accordance with the increased levy, but this was denied. The supreme court yesterday affirmed the decision, holding that the levy provided by the charter could be increased by an enactment.

MURDER

Cora Lee Held Without Bail, While a \$5,000 Bond Hangs Over Emma Molloy's Head.

HELD FOR MURDER.

Cora Lee and Emma Molloy are Guilty.

By Telegram to THE SENTINEL.

ST. LOUIS, Mo., March 31.—A special from Springfield says the preliminary examination of Cora Lee and Mrs. Emma Molloy for the murder of Mrs. Sarah Graham terminated this morning. The justices decided that Cora Lee was an accessory to the crime before the fact and that she be held without bail; that Mrs. Molloy be accessory after the fact and to be held in \$5,000 bail.

CORA LEE'S PARENTS.

SOUTH BEND, Ind., March 31.—Quite a number of our citizens can well remember an old well digger named Geo. Lee, who, with his family, several years ago, resided in this city, part of the time in the first ward and the last residence being at 429 North Hill street. George Lee was a small, quiet, inoffensive old man, who seemed to be perfectly honest, but his wife was a large, coarse looking woman with a powerful voice, and it is hinted that she had a powerful arm, and raised merry lads with George, even administering, if reports are true, some very sound thrashings.

They had several children while here and some of them died. They had a daughter named Cora who is quite well remembered and several things in connection with the recent murder trial make it appear that the Cora Lee who once lived here is the Cora Lee who is now on trial in Missouri for complicity in the murder of the late Mrs. George Graham.

Mrs. Lee died some place in the east; her husband is still living here in the west. If half is true that is told about Cora Lee-Graham, her traits are of the nature of her mother's.

RATHER RACY.

The Estate of Rev. E. P. Whetsell Contested by Two Wives.

There is a scandal in colored society just now. Some time ago Rev. E. P. Whetsell died, and in the course of a few days Mrs. Emily Whetsell, known as his wife here, filed articles looking to a control of his estate. Yesterday a flashy colored woman appeared before Judge O'Rourke and represented herself as Rev. Mr. Whetsell's wife. She gave her name as Mrs. Alice Whetsell and filed notice to contest the honored title of wife with Mrs. Emily Whetsell. The colored people are very indignant at this trouble and there is a cloud over that wing of the community.

The Three Cold Days of April.

Few weather phenomena in this country are more remarkable, and seem at present less easily explained, than the "borrowing days," as they are called, between the 10th and 14th of April, when usually the temperature falls considerably below that due to the time of year. The cold at this time is at any rate, sufficiently marked—first to have attracted long since general attention; and, secondly, to affect in a very obvious manner the average temperature for these days during the last eighty years. We find these three cold days of April which before the change of style, were the first three days of the month, thus described in doggerel lines in the north of England:

March borrows from April
Three days as they are ill;
The first of them is wan and weat,
The second is snaw and sleet,
The third is a peck-a-bane
And freezes the wee bird's neb-lae-stane.

The "Naiad Queen."

This operetta was given at the Temple last night. Miss Churchill and Miss Page sang nicely, while Miss Jeffers and E. F. Yarnell were in fine voice. Miss Churchill has a very pleasing stage presence and appears to fine advantage. The young people all did cleverly and it is impossible to specify in a collection of some 450 masters and misses. The prizes were distributed as follows: Anna Boyle, gold watch; May Gillet, pair of bracelets; Victoria Carter, album; Maggie Johnson, book; Norval Wright, book; Lizzie Eubelare, necklace; Lulu Heiler, book; George Courter, cuff buttons; Edward W. Dodez, cuff buttons; Lucilla Bobian, pin; Edith Benke, locket; Minnie Liebina, ear-rings; Emma McElfatic, pin.

A Card From Dr. Dills.

Inasmuch as the Gazette clipped an item from the Kendallville News some days ago, quoting Dr. Dills against Judge Lowry, this card will interest:

FORT WAYNE, Ind., March 26.

Editor Kendallville News: DEAR SIR:—I have just received a marked copy of your last issue, through the courtesy of a friend, and I respectfully submit the following in reply to the item referred to:

The sentiment attributed to me in regard to the friends and supporters of the Hon. Robert Lowry in this county is not only an entirely gratuitous assumption, but unfounded in fact.

As I am in no sense a politician, and have no means of knowing the public status of this or any other county in the state, I was deeply chagrined to read that I was quoted as authority on a subject of which I have but a superficial knowledge.

By giving the above publicity you will greatly oblige

Yours very truly

T. J. DILLS.

By Telegram to THE SENTINEL.

WABASH, Ind., March 31.—Yesterday afternoon, in the Lutz house, this city, occurred a bloody affray, in which James Depp, an attaché of the hotel, was disfigured for life and barely escaped with his life. Depp and Will Newman, son of the proprietress of the Lutz house, became involved in an altercation, and young Newman, after breaking a tumbler over his head, struck him in the face repeatedly with the sharp edge of the glass, laying his left cheek open and cutting a horrible gash in his neck, uncomfortably near the jugular. There are also a number of bad cuts on his head, and had not bystanders interfered, Depp would have been killed. Newman is still at large, but will be arrested to-night.

A PAIR TRIAL IN TERRE HAUTE.

The nineteenth century is said to be the age of skepticism, and so perhaps it is as regards religion, but its practical spirit inclines it to look favorably on everything that promises immediate benefit and it is always ready to give everything that seems useful a fair trial. The West especially has ever been open and cordial to all new ideas, and this may partly explain why Athlophoros, the sovereign remedy for rheumatism and neuralgia, has secured such a strong footing in Terre Haute. A well-known citizen who has the most implicit faith in it is Mr. R. Forster, the furniture dealer at No. 320 Main street. Mr. Forster, when recently asked at his warehouse as to the benefit he had derived from Athlophoros, answered as follows:

"Yes, I have used Athlophoros with the very best satisfaction. I have had neuralgia for many years, but could not find any medicine that would give me relief until I commenced using Athlophoros, and I can tell you I had used about everything."

"How did you first get confidence enough in Athlophoros to try it?"

"Well, it was just in this way. I was suffering very much at the time from my neuralgia. One Saturday evening Mr. Mallette, a manufacturer of wire mattresses, who is in business in Chicago, and lives at Elgin, Ill., came down to spend Sunday with me. Finding me suffering as I was he said:

"Get some Athlophoros. It is good, my wife used it and was cured of her neuralgia by it."

"Without waiting for me to say much about it he went out and bought a bottle of the medicine. I took some that night and the next day I was as free from pain as if I had never had neuralgia. I spent several hours in a walk that Sunday with Mr. Mallette, which the day before would have been misery for me. During the summer months I am never troubled with neuralgia, but if I should begin I would certainly use Athlophoros, for I am fully convinced of its merits."

"I have recommended Athlophoros to several persons and have yet to learn of an instance where it did not accomplish its mission. Among others I recommended it to Mrs. Richards, who lives in Casey, Ill. I saw her in the city a few days ago and asked her if she had used it. She said that she had taken two bottles of it and was helping her, and she said that she was going to get some more."

Mrs. C. A. Armstrong, of No. 123 South Second street, is another resident of Terre Haute, Ind., whom Athlophoros has cured. "I used it for neuralgia," she says, "and it cured me. I had been troubled for about three years with what seemed at times as never free from pain. The very first dose of Athlophoros I took gave me relief, and after using only two bottles my soreness is all gone and I am feeling much stronger. My daughter was also cured of neuralgia by it."

"Yes, I can say Athlophoros did everything for me," is the daughter's statement. "I was so sick with neuralgia that I could not sit up and suffered the greatest pain. Mother sent me a half bottle of Athlophoros, the first few doses of which gave me relief. All I used was the half bottle and I have not had any neuralgia since."

If you cannot get Athlophoros of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We tell you that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed. ATHLOPHOROS CO., 112 Wall Street, New York.

NEVER SAY DIE THOUGH YOU COUGH TILL YOUR HEART ACHES

When the "Life Restoring" East India Remedy is at hand, one bottle will satisfy the most skeptical that Dr. H. JAMES' preparation of Indian Hemp will positively cure Consumption, Bronchitis, Asthma, Nervous Debility, and Nasal Catarrh. It is an important remedy. Try it—prove it for yourself.

Here are a few extracts from letters of persons who were cured, and now order for their friends:

"I fear cough is in a decline, and as my medicines cured my only brother of a Hemorrhage of the lungs about a year ago, I wish cousin to take them. They are the friend of HANNAH MICKLE, Near Woodbury, N. J."

"As your medicine cured me of Consumption some three years ago, I want him to try them. I gained fifteen pounds while taking the first three bottles." J. V. HULL, Lawrenceburg, Anderson Co., Ky.

"Mother has been suffering with Bronchitis nearly twenty years, and tried most all kinds of medicine, and says the Cannabis India is the only thing that gives her relief." JANE A. SHIRBROOK, Loveville, Ballard Co., Ky.

"I know all about the Cannabis India. Fifteen years ago it cured my daughter of the Asthma; she had it very bad for several years, but was perfectly cured. Please send me a box of your medicine." JACOB TROTTER, Deep River, Howesville Co., Iowa.

"I have taken the Cannabis India as directed, and am happy to tell you that I am perfectly cured of Nasal Catarrh. You were right, my trouble was not Consumption, but Catarrh." JAMES A. CALDWELL, Washburn Ave., Chicago, Ill.

"It has cured Mrs. Belmont of General Debility of the whole system, of two or three years' standing and others trying it with success." HENRY & LEBLOND, Simpson's Store, Washington county, Pa.

THE colored Sunday school, which was started at Lexington, Virginia, over twenty-five years ago, by "Stonewall" Jackson, when he was a professor at the Virginia Military Institute, is still in a flourishing condition.

A CHATAQUA COUNTY cheese broker went to Buffalo the other day, and brought home a fine imported cheese. All praised it but his wife, who, after the praise had ceased, said she had found her husband's private mark on the cheese. He had paid 33 cents a pound for the very cheese that he had made and sold for 5 cents. A sea voyage is supposed to give "tons."

PRINCE KRAPOTKINE, the "Citizen Prince," as he is now affectionately called, is a studious-looking man of middle age, with a bald head and Shakespearean face, and wears a seal-skin cap and spectacles. He speaks English with scholarly correctness, and French with vernacular fluency. His ideal of government is what he terms anarchical communism. He predicts that a great revolution will close the present century.

EX-TREASURER F. E. SPINNER has written a letter from Florida to the Albany Journal in refutation of certain statements derogatory to the land of flowers, and closing with this vigorous language: "I know not who this double-breasted champion liar may be, but feel sure he will not dare to reveal himself, lest in that case it could be shown by his neighbors that he is at home, as he has shown himself in his writings about Florida to be, a constitutional liar. I am responsible for all I have said."

A GOOSE farm is one of the curiosities of agriculture on the eastern shore of Virginia. Within an area of about three thousand acres live five thousand geese of several varieties, attended by herders, and regularly fed with corn, etc. The object is the collection of down for quilts and pillows, and once in about six weeks a plucking takes place. Only the breasts and the sides under the wings are plucked, and it requires the yield of nearly one hundred geese to weigh a pound. The raw feathers are sent to Philadelphia for cleaning and sorting.

AN improvement upon the ordinary method of perfuming underclothing, neckwear, lace, etc., by means of numerous small scent bags is found in the bureau sachet. Made of silesia, and cut of a size to cover the whole bottom of a drawer, it also serves the purpose of the towel or paper usually laid between the wood and the garments. Two thicknesses of silesia are used, while a thin layer of cotton between them holds the strength of the orris root or of the dear old-fashioned lavender with which the sachet is filled. Those who desire a most luxurious arrangement can make the case of the satin quilting that comes in various shades at from seventy-five cent to \$1 a yard. Smaller sachets of this are very pretty fitted to the bottom of glove, handkerchief and collar boxes. The perfume thus communicated is delicate and less overpowering than that caused by the free use of cologne.

THE latest account of a preventive for hydrophobia comes from a little town in Kansas. The preventive was discovered by a young lady of the place, and is of a penicillin nature to recommend itself to the simplest comprehension. A dog went mad. It was not a very large dog, and it came springing along in the young woman's vicinity. She did not run away, but stood her ground boldly, and when the dog got close enough to her she clapped over him the washtub. Then she sat down upon the washtub. She was a full-sized, buxom young woman, such as Kansas frequently produces; and that washtub stood just where she had put it, though the mad dog bounced around inside with the greatest vehemence. They had no difficulty in killing the dog through the tub. No one fears hydrophobia, and even the young lady who sat upon the dog with the tub between them is considered out of danger.

At a social gathering in Philadelphia, not long ago, composed of gentlemen of Washington and that city, several interesting reminiscences and statements were given which are now for the first time made public. Colonel A. K. McClure, who was intrusted with much of the confidential work of the Republican campaign of 1864, related the particulars of an interview which he had with President Lincoln in reference to Republican prospects in Pennsylvania. At this time, as will be remembered, there was much discontent in the North, and grave apprehensions were felt by the administration of Mr. Lincoln as to the result in the two great States of New York and Pennsylvania, where dissatisfaction was most rife. It was felt to be absolutely necessary for moral effect on the other States that the October election in Pennsylvania should be carried by the home vote. Colonel McClure, after a most careful survey of the political field, reached the conclusion that there was the greatest danger as to this of failure. He took the train for Washington and laid all his misgivings, with his reasons therefor, before the President. Mr. Lincoln sighed and was silent for awhile. He then said: "What can be done?" Colonel McClure replied: "I see nothing but to furlough from five to ten thousand of the Pennsylvania troops and let them come home to vote. Advise General Grant of your wishes that five thousand be furloughed at once from his immediate command with permission to return home." To this Mr. Lincoln replied that he dare not appeal to General Grant in such a case, as he did not know whether General Grant was for or against him. Colonel McClure then inquired how about Sheridan, who was then in the Valley of Virginia. "Oh," said Mr. Lincoln, "Phil's all right." After some further consultation it was decided that Meade and Sheridan should both be communicated with by private messenger from the President, with the request to furlough certain regiments of Pennsylvania troops under their command. This was done, the soldiers went home and voted, and Pennsylvania was carried for the President by a little more than 4,000 on the home vote. Had it not been for this, such was the distrust and dissatisfaction at the time that it might have cost both New York and Pennsylvania at the Presidential election.

HAIR three-quarters the length of the women and of wonderful thickness is common in Mexico. It is often worn loose, but more frequently in two long plaits. Wig-makers find no employment there. The men wear long, heavy bangs.

LORD ROSEBURY, British Minister of Foreign Affairs, received from his parents three gifts—an historic name, a robust constitution, and a finished education. These he resolved from his childhood to supplement by three others—to carry off the Derby, to marry a rich heiress, and to become Prime Minister of England. He began by carrying off the Epsom blue ribbon, and followed up his luck by winning the hand of Miss Henrietta Rothschild. These two preliminaries to political advancement he deemed necessary in a country where horses and money lead to all kinds of success. He regards his present position as the first step toward the final object of his ambition—the prime ministership.

"The Breadwinner" drew another good house at the Academy last night and like the previous performance of this interesting play, gave complete satisfaction. The beautiful scenery was heartily applauded and the entire presentation was very enjoyable. "The Breadwinner" will be given again this evening. To-morrow night Walter Sanford's new play "K. I. D." will be put on. The cast will introduce in addition to the entire "Breadwinner" company, the veteran minstrel man and king of Ethiopian comedians, Sam S. Capt. F. F. Boltz wants to say to the Gazette that the G. A. R. hall will be rented to any political party, while, however, the order is not taking sides on political, religious, or other matters.

Maud Granger's appearance at the Academy next week will truly be one of the events of the season. She is supported by an excellent company including the talented actress Miss Olive West.

Master Hugh Stout, Bluffton's "solid" boy, has accepted a year's engagement with Mr. O. H. Norman, of the Boston Dime Museum, and will visit all the principal cities of the United States. He leaves next Thursday to join him at Chicago. Hugh is now fifteen years old and weighs the enormous sum of 400 pounds.

It is quite likely that "The Breadwinner" will be given at the Saturday matinee and the evening performance, owing to the demand for a repetition of the play on that day. If this is done there will be an interesting feature in connection with the Saturday night performance, especially so to the "Breadwinners" of Fort Wayne.

The superior court jury for the April term is as follows: Alvin Hall, Milan township; John Forbing, city; Christian Yonke, Madison; Josiah Roberts, Springfield; R. B. Sprague, Madison; Anthony Snyder, Springfield; E. A. Clark, Abott; Charles H. Philley, Wayne; Abe Barnett, city; Henry K. Turner, Marion; Samuel Karriger, Washington; Thomas Dorsey, Scipio.

"The Hon. Montgomery Hamilton, of Fort Wayne, was in the city last Thursday, and, in company with Mr. J. F. Shoaft, made the People a visit. Mr. Hamilton is a democratic candidate for the nomination for congressman from this district. He is a splendid man for the position, and the democracy of this district could not make a better choice," says the Churubusco People.

The great Paris comet will appear in the western heavens about April 1. Two weeks later it will be plainly visible all night. It will be seen in the western sky early in the evening, as was that of 1881. It will appear very bright as there will be no moon to detract it from its brilliancy. When nearest the earth the comet will be only twelve millions miles distant. This will be a nearer approach than any comet of recent years has made.

IT GROWS.

The Fort Wayne College of Medicine in a New Role.

The incorporators of the Fort Wayne college of medicine met this week and elected A. H. Bittering president, and Dr. C. B. Stemen secretary. The old board of trustees, Hon. R. C. Bell, Hon. Charles McCulloch, Hon. Montgomery Hamilton, Hon. Henry Monning and Mr. A. C. Trentman, were continued in power. The college building, on Barr street, is to be refurbished, the classical department enlarged and its scientific resources will be placed on a metropolitan basis. The incorporators and trustees and citizens generally have already subscribed a handsome sum for the purpose named.

The State C. T. U.

The State Christian Temperance Union will meet this afternoon at the Central Christian church, Indianapolis. Mrs. J. R. Wood is president of the state convention, but is not seeking a re-election. The election of officers, canvass for funds and discussion of ways and means for carrying on the temperance work of the state, will be the principal matters to come before the meeting. A resolution looking to an expression of confidence in the innocence of Mrs. Emma Molloy will probably be presented by the committee on resolutions. There will be a night session, which will conclude the meeting. M. E. Shiel, of Louisville, formerly editor of the Monitor-Journal, has arrived to take part in the meeting.

J. B. STOLL.

His Impression of Judge Lowry and His Work in Congress.

Hon. J. B. Stoll writes up his trip to Washington at length, and in the course of his remarks speaks of Congressman Lowry thus: "The judge, though overwhelmed with matters requiring his constant care and attention, has a friendly greeting for every one who calls upon him. Whenever and wherever he can do a constituent a service or a favor consistent with the public interest, no urging or coaxing is required. He does it with a hearty good will and in a cheerful spirit. At Washington he is counted among the most industrious and untiring workers in the legislative service. His daily work averages about fourteen hours. He is never idle. Very little escapes his attention. He keeps himself thoroughly informed on everything that transpires about the capitol. Everybody there seems to know and like him. Though having but recently entered upon his second term, he nevertheless occupies a high rank among the leading members of the house. He is universally considered a prudent and sound adviser, and a safe leader. Vice-President Hendricks last summer pronounced Judge Lowry one of the safest men in congress. Senator Voorhees puts a like estimation upon the Judge."

For the Benefit of the Fort Wayne Poor.

A concert for the benefit of the poor of Fort Wayne was given at Mt. Zion Lutheran church of Nine Mile, Friday evening, March 26. Though only moderately successful financially, it being the first ever held at this place for the needy, yet an interest was awakened in aiding the poor, and better results may be looked for in the future. A program of great interest held the very earnest attention of the audience for nearly two hours, and all felt that it was "good to be there." Participants in the program with the Sunday school were Mary Christie, the Misses Ferguson, and Gilbert Miller, wife and brothers, who manifested their kindness to the school and interest in the cause of aiding the poor by very kindly offering their agreeable services.

SUIT FOR SLANDER.

General Manager Broughton Sues President Wm. McGrew for \$30,000 in the Federal Court.

This morning Mr. C. Broughton, general manager of the Chicago and Atlantic railroad, filed suit in the United States district court here, charging Wm. McGrew, president of the Huntington National bank with gross slander and assessing his damages at \$30,000. The complaint says that McGrew circulated a report that Mr. Broughton was drunk and in that condition rode over the Chicago and Atlantic in his special car. This coming to the ears of Mr. Broughton, he engaged the services of Judge J. S. Frazier, of Warsaw, and Hon. R. C. Bell, of Fort Wayne, who this morning filed the papers as above stated. The case will attract wide attention.

Maggie Mitchell's Visit.

It is a pleasure to announce the presence of Maggie Mitchell, who appears at the Temple opera house this evening. Maggie Mitchell is one of the fixed stars of the great theatrical firmament. Her place cannot be questioned nor her brilliancy dimmed. She shines always, we might say, with increasing light, never waning, never fading, but becoming more resplendent, more resplendent, as time wears on. Sonnettes, it is said, never grow old; rarely do they die. These sunbeams of the stage sparkle and glisten and dance on forever. Maggie Mitchell is a soubrette. She will present her new play, "Maggie, the Midget."

By Telegram to THE SENTINEL. ST. LOUIS, March 31.—Martin Irons this morning telegraphed to the different local assemblies that the general executive board has ordered all men to go to work.

East St. Louis, March 31.—No attempt has been made to run out freight trains. Adjutant General Vance is stationed at the depot, where he will witness an attempt later in the day to start out a train and then decide about calling out the militia.

St. Louis, March 31.—The Knights of Labor committees are considering the question of ending the strike simultaneously, pending arbitration.

TRAINS RUNNING.

KANSAS CITY, Mo., March 31.—Freight trains are running to-day under police protection.

TRAINS RUNNING.

ST. LOUIS, March 31.—Missouri Pacific officials this morning set out three freight trains. This is the regular number of morning trains which it was customary to run before the strike.

The Iron Mountain road also succeeded in sending out the usual number of trains.

St. Louis, March 31.—The executive committee has telegraphed to the outside assemblies that the men are ordered to return to work at 10 o'clock to-morrow morning.

WABASH MEN AT WORK.

St. Louis, March 31.—The men in the Wabash yards returned to work at 2:15 this afternoon. All were received.

Last Night's Report.

New York, March 30.—Mr. Hoxie has consented to arbitration, the details of settlement to be arranged with him in St. Louis, whether the executive board will go to-morrow. The story of to-day as given by the board is as follows: The whole discussion between Mr. Gould and Mr. Powderly was on the subject of arbitration generally, and on which there was unanimity of opinion. Mr. Gould expressed himself very favorably, but as the matter of adjudicating differences had been referred to Mr. Hoxie, the following telegram was sent at a request of Mr. Powderly:

New York, March 30, H. M. Hoxie, General Manager, St. Louis: Will you meet the general executive board of the Knights of Labor, or the committee of your employees from the Knights of Labor, for the purpose of hearing what their cause of complaint was, and for the purpose of making a settlement of the present difficulties, alike honorable to both parties, either on the basis of arbitration or by mutual agreement, the same being binding on all parties?

A. L. HOPKINS. In answer to which, the following was received and delivered to Mr. Powderly, about 6 o'clock:

St. Louis, Mo., March 30.

A. L. Hopkins: Replying to your inquiry of this date, I have to say that yesterday I received from Mr. Gould the following message: [Here is quoted the message, beginning, "In resuming the movement of trains," etc.] To which I sent the following message:

Jay Gould: I have your message in relation to your interview with Mr. Powderly and also the letter of instruction, and will carry out the same to the best of my ability. I am therefore, willing to meet a committee of your employees, without discrimination, who are actually at work in the service of the company at any time such committee is appointed, to adjudge with them any grievance that they may have.

Mr. Powderly being so exhausted by sickness, returned to his home in Soranton at 6 o'clock to-night. The others of the board leave for St. Louis to-morrow morning. The following dispatch was sent to Mr. Irons to-night:

New York, March 30.

Martin Irons, St. Louis: Have been in conference all day with the result that Vice-President Hoxie, agrees to the following: [Here follows the telegram of Mr. Hoxie consenting to arbitration.] Have your executive committee order the men to work and also select a special committee from the employees of the Missouri Pacific, to wait on Mr. Hoxie, to adjudge any grievance. Do

this as quickly as possible. The board will leave for St. Louis to-morrow.

FREDERICK TURNER. Thus ended the work of the general executive board in this city. KANSAS CITY, March 30.—The Missouri Pacific passenger train that left here for St. Louis this evening, was detained for half an hour between Kansas City and Independence by obstructions, which had been placed upon the track. The engineer discovered the barriers in time to stop.

WAR LIKELY.

Greece May Precipitate it Within a Week.

By Cable to THE SENTINEL. LONDON, March 31.—The Times says it is possible that Greece may precipitate war within a week.

Torpedoes are to be sunk in the channel to oppose any entrance of the allied fleet into Athens' seaport without the consent of Greece. The preparations result from Russia's secretly encouraging advances to Greece.

Indianapolis Telephone Service.

By Telegram to THE SENTINEL. INDIANAPOLIS, March 31.—A local syndicate has been formed with a view to leasing the plant and the exchange of the Central Telephone company, and to continue the operation of the phones under the \$3 law. The local men who have been examining into the matter think they can operate the phones at a profit under the state law, and are willing to undertake it, but the telephone company are not likely to agree to the proposition, as it is generally understood that the Bell company, which practically controls the Central company, does not want its phones operated at \$3 a month.

Rivers on a High.

By Telegram to THE SENTINEL.

LYNCHBURG, Va., March 31.—The heavy rains of the last four days have caused a great rise in the James river.

CHATTANOOGA, Tenn., March 31.—Heavy rains prevailed throughout East Tennessee last night. The water is still rising. No train has left the city or come in since Monday.

Lynchburg, Va., March 31.—The North river is eight feet higher than ever known and is still rising. It is still raining.

Congressional News.

Mr. Platt yesterday addressed the senate on the Washington territory bill, which he characterized as an enabling act. He gave statistics of the population and resources of the territory, and asserted that on this showing it was entitled to admission as a state.

Voorehes introduced a bill for the admission of Montana in the place of a bill originally introduced by him. The bill now introduced by Voorehes was an enabling act, while the first bill provided for the immediate admission of the territory.

Randall, of Pennsylvania, asked unanimous consent to offer the following resolution:

Resolved, That a committee of five members be appointed whose duty it shall be to investigate the circumstances and causes attending the killing on the 18th of march, 1886, in Carrollton, Mississippi, of a number of colored citizens of said state.

Reagan, of Texas, objected, on the ground that congress had no jurisdiction over the matter. Randall then asked for the resolution referred to, but Mr. Reagan objected, notwithstanding the request made by Mr. Barkdale in behalf of the Mississippi delegation, that there might be no objection.

Mr. O'Neil, from the committee on labor, reported a bill providing for a speedy settlement of the controversies between common carriers and employees. Referred to the committee of the whole. The house immediately went into "committee," with Mr. Springer, of Illinois, in the chair, for consideration of that measure.

Fine plate glass windows were put in front of the Grand Central dining room. Capt. Brady will beam behind them.

Hon. Eli W. Brown, of Columbia City, was in town last evening.

Capt. Frank Rawles is suffering from a dislocated ankle.

The ranges of the West are claimed and occupied to such an extent that there are no longer opportunities for the introduction of large herds. One who wishes now to engage in the business must purchase a range and the herd occupying it. This state of affairs has caused capitalists to look elsewhere for a cattle-growing country. Longing eyes are turned toward the islands in the Pacific, along the coast of Alaska, which Lieut. Schwatka pronounces the best cattle country in the world. Others are studying the pampas countries of South America, and still others are attracted to old Mexico. Some well-known cattlemen of Texas have engaged in the business in Paraguay, and quite a number of Colorado cattlemen have invested in Mexico.

WHAT WE HEAR.

The News Round About that Caught the Reporter's Eye.

The epizootic is prevailing in a mild form in Wabash county.

The head of the late Vice-President Hendricks will be placed on the new silver certificates.

There are nearly 1,400 school children in Wabash, an increase of ninety-eight during the year.

A joint stock company has been organized in Kokomo, with \$2,500 as a beginning, to bore for natural gas.

Terrence V. Powderly, at the head of the Knights of Labor, says there 800,000 members of the order in the United States.

The Indiana state christian temperance union is in convention at the Central Christian church, Indianapolis, this afternoon.

John H. Dammottell was nominated for mayor by the republicans of Evansville last night, on a platform favoring payment of the debt and a low rate of interest.

While on route for the southern prison Lynch made three attempts to throw himself from the car window. He said he was tired of life, and that death would be a relief.

The old cemetery at Wabash is so full of graves that no more can be made without disturbing the bones of old tenants, and the council will probably prohibit further interment.

It is officially stated that General John A. Logan, Senator Harrison, General Burdette, commander G. A. R., and Congressman Steele will be at Indianapolis during G. A. R. festival week.

Uniform Rank, No. 6, of Kokomo, are making active preparations to enter the contest for first money at the world's competitive drill, which takes place in June, at Toronto, Canada. This famous division has taken over \$2,000 in prizes.

On Saturday night the residence of Wm. H. Buford, at English, with all its contents, including \$315 in money, was burned. Mrs. Buford, in escaping from the burning building, was severely burned in the face. Mr. Buford's loss is \$2,000. No insurance.

The Valparaiso (Porter county) water works company has been formally incorporated with a capital stock of \$100,000 by the following gentlemen: S. V. Sullivan, Henry B. Smith, Isaac H. Hill, Bay City, Mich.; DeForest L. Skinner, Michael S. Harold and D. A. Salver, of Valparaiso.

Dave Crane, an accomplice of the Archers, has been arrested and placed under \$1,000 bonds at Shoals to answer for helping to murder Stauffer Freeman on the evening of October 8, 1887. It is thought sufficient evidence can be produced to convict him. More arrests are expected to follow.

Some time ago E. H. Scott, trustee of the Indianapolis, Fern and Chicago road, who resides at LaPorte, presented the city with a \$500 fountain for use in the water works park, and now he has again manifested his liberality by giving the superintendent of the works a check for \$50, to be used in ornamenting the grounds.

At Marietta, Crawford county, the house of George W. Davis was entered and a pocket-book containing \$335 was taken from the pockets of his pantaloons. Davis, who is a blacksmith next day found his pocket-book near his blacksmith shop, and in it was \$70 in gold and \$135 in paper, but \$130 in paper was gone. It is supposed the burglar, in taking the money from the pocket-book, dropped the book, and as it was very dark and rainy, was unable to find it.

William Rahm, state senator from Vanderburg county, has been nominated for mayor of Evansville by the democratic convention on a platform demanding the scaling of the city debt 50 per cent, with a per cent. interest on redemption, bonds to be used instead of present bonds. The republican convention will oppose this action and favor the payment of the debt virtually at par, but with a 5 or 6 per cent. interest in future, instead of the present high rates. The city election of April 5 will turn upon this question.

Miner Brothers, of Evansville, the largest retail dry goods house in Southern Indiana, assigned last yesterday afternoon, all real estate, personal property and stock of goods to secure their creditors, of whom the following are among the principal ones: E. B. Clifton, \$41,284; Santizer & Pembroke, \$19,236; J. C. Jaffrey, \$22,316, all of New York; Mrs. Susan Demers, Boston, \$10,000. The total liabilities are \$162,482; assets estimated at about \$200,000. Reason of failure, inability to collect outstanding accounts.

In the supreme court yesterday a decision was rendered of especial interest to the city of Evansville. When her charter was granted, more than forty years ago, it provided that the tax levy for municipal purposes should not exceed three-fourths of one cent, but a more recent legislative enactment increased the limit to one and one-fourth cents. William Warren applied for a perpetual injunction to prevent the collection of taxes in accordance with the increased levy, but this was denied. The supreme court yesterday affirmed the decision, holding that the levy provided by the charter could be increased by an enactment.

Cora Lee Held Without Bail, While a \$3,000 Bond Hangs Over Emma Molloy's Head.

HELD FOR MURDER.

Cora Lee and Emma Molloy are Guilty.

By Telegram to THE SENTINEL.

ST. LOUIS, Mo., March 31.—A special from Springfield says the preliminary examination of Cora Lee and Mrs. Emma Molloy for the murder of Mrs. Sarah Graham terminated this morning. The justices decided that Cora Lee was an accessory to the crime before the fact and that she be held without bail; that Mrs. Molloy was accessory after the fact and to be held in \$5,000 bail.

CORA LEE'S PARENTS.

SOUTH BEND, Ind., March 31.—Quite a number of our citizens can well remember an old well digger named Geo. Lee, who, with his family, several years ago, resided in this city, part of the time in the First ward and the last residence being at 429 North Hill street. George Lee was a small, quiet, inoffensive old man, who seemed to be perfectly honest, but his wife was a large, coarse looking woman with a powerful voice, and it is hinted that she had a powerful arm, and raised many a row with George, even administering, if reports are true, some very sound thrashings.

They had several children while here and some of them died. They had a daughter named Cora who is quite well remembered and several things in connection with the recent murder trial make it appear that the Cora Lee who once lived here is the Cora Lee who is now on trial in Missouri for complicity in the murder of the late Mrs. George Graham.

Mrs. Lee died some place in the east; her husband is still living here in the west. If half is true that is told about Cora Lee-Graham, her traits are of the nature of her mother's.

MOBILE, Ala., March 31.—The construction train on the Columbus and Western railroad went through a bridge over the Tallapoosa river to-day. The engineer and fifteen hands all went down. It is feared that all lost their lives, though the particulars are not learned yet.

KEY WEST, March 31.—The fire subsided at 3 o'clock last night. The principal part of the town has been burned. Six wharves and five brick ware houses were destroyed. No lives were lost. Hundreds of persons slept last night in the streets. Four or five thousand people are thrown out of employment.

RATHER RACY.

The Estate of Rev. E. P. Whetsell Contested by Two Wives.

There is a scandal in colored society just now. Some time ago Rev. E. P. Whetsell died, and in the course of a few days Mrs. Emily Whetsell, known as his wife here, filed articles looking to a control of his estate. Yesterday a flashy colored woman appeared before Judge O'Rourke and represented herself as Rev. Mr. Whetsell's wife. She gave her name as Mrs. Alice Whetsell and filed notice to contest the honored title of wife with Mrs. Emily Whetsell. The colored people are very indignant at this trouble and there is a cloud over that wing of the community.

The Three Cold Days of April.

Few weather phenomena in this country are more remarkable, and seem at present less easily explained, than the "borrowing days," as they are called, between the 10th and 15th of April, when usually the temperature falls considerably below that due to the time of year. The cold at this time is at any rate, sufficiently marked—first to have attracted long since general attention; and, secondly, to affect in a very obvious manner the average temperature for these days during the last eighty years. We find these three cold days of April which before the change of style, were the first three days of the month, thus described in doggerel lines in the north of England:

March borrows from April
Three days as they are ill;
The first of them is win and wet,
The second is snow and blizzards,
The third is a peck-a-bone
And freezes the wee bird's nob-lao stone.

The "Naiad Queen."

This operetta was given at the Temple last night. Miss Chubb and Miss Page sang nicely, while Miss Jeffers and E. F. Yarnelle were in fine voice. Miss Chubb has a very pleasing stage presence and appears to due advantage. The young people all did cleverly and it is impossible to specify in a collection of some 450 masters and misses. The prizes were distributed as follows: Anna Boyle, gold watch; May Gillet, pair of bracelets; Victoria Carter, album; Maggie Johnson, book; Norval Wright, book; Lizzie Dablbare, necklace; Lulu Heller, book; George Courter, cuff buttons; Edward W. Dodez, cuff buttons; Lucille Hoban, pin; Edith Banks, brooch; Minnie Liebina, ear-rings; Emma McElfrick, pin.

A Card From Dr. Dills.

Inasmuch as the Gazette clipped an item from the Kendallville News some days ago, quoting Dr. Dills against Judge Lowry, this card will interest:

FORN WARR, Ind., March 26.
Editor Kendallville News:—I have just received a marked copy of your last issue, through the courtesy of a friend, and I respectfully submit the following in reply to the item referred to:

The sentiment attributed to me in regard to the friends and supporters of the Hon. Robert Lowry in this county is not only an entirely gratuitous assumption, but unfounded in fact.

As I am in no sense a politician, and have no means of knowing the public status of this or any other county in the state, I was deeply chagrined to read that I was quoted as authority on a subject of which I have but a superficial knowledge.

By giving the above publicity you will greatly oblige

Yours very truly

BLOODY AFFRAY.

A Terrific Fight at a Wabash Hotel.

By Telegram to THE SENTINEL.

WABASH, Ind., March 31.—Yesterday afternoon, in the Lutz house, this city, occurred a bloody affray, in which James Depp, an attaché of the hotel, was disfigured for life and barely escaped with his life. Depp and Will Newman, son of the proprietress of the Lutz house, became involved in an altercation, and young Newman, after breaking a tumbler over his head, struck him in the face repeatedly with the sharp edge of the glass, rupturing his left cheek open and cutting a horrible gash in his neck, uncomfortably near the jugular. There are also a number of bad cuts on his head, and had not bystanders interfered, Depp would have been killed. Newman is still at large, but will be arrested to-night.

D." will be put on. The cast will introduce in addition to the entire "Breadwinner" company, the veteran minstrel man and king of Ethiopian comedians, Sam S. It is quite likely that "The Breadwinner" will be given at the Saturday matinee and the evening performance, owing to the demand for a repetition of the play on that day. IT GROWS.

The Fort Wayne College of Medicine in a New Role.

Charles McCulloch, Hon. Montgomery Hamilton, Hon. Henry Manning and Mr. A. C. Treutman, were continued in power. The State C. T. U.

The State Christian Temperance Union will meet this afternoon at the Central Christian church, Indianapolis. Mrs. J. R. Wood is president of the state convention, but is not seeking a re-election. The election of officers, canvases for funds and discussion of ways and means for carrying on the temperance work of the state, will be the principal matters to come before the meeting. A resolution looking to an expression of confidence in the innocence of Mrs. Emma Molloy will probably be presented by the committee on resolutions. There will be a night session, which will conclude the meeting. M. E. Shiel, of Louisville, formerly editor of the Monitor-Journal, has arrived to take part in the meeting.

J. B. STOLL.

His Impression of Judge Lowry and His Work in Congress.

Hon. J. B. Stoll writes up his trip to Washington at length, and in the course of his remarks speaks of Congressman Lowry thus: "The judge, though overwhelmed with matters requiring his constant care and attention, has a friendly greeting for every one who calls upon him. Whenever and wherever he can do a constituent a service or a favor consistent with the public interest, no urging or coaxing is required. He does it with a hearty good will and in a cheerful spirit. At Washington he is counted among the most industrious and untiring workers in the legislative service. His daily work averages about fourteen hours. He is never idle. Very little escapes his attention. He keeps himself thoroughly informed on everything that transpires about the capitol. Everybody there seems to know and like him. Though having but recently entered upon his second term, he nevertheless occupies a high rank among the leading members of the house. He is universally considered a prudent and sound adviser, and a safe leader. Vice-President Hendricks last summer pronounced Judge Lowry one of the safest men in congress. Senator Voorhees puts a like estimation upon the Judge."

For the Benefit of the Fort Wayne Poor.

A concert for the benefit of the poor of Fort Wayne was given at Mt. Zion Lutheran church of Nine Mile, Friday evening, March 26. Though only moderately successful financially, it being the first ever held at this place for the needy, yet an interest was awakened in aiding the poor, and better results may be looked for in the future. A program of great interest held the very earnest attention of the audience for nearly two hours, and all felt that it was "good to be there." Participants in the program with the Sunday school were Mary Christie, the Misses Ferguson, and Gilbert Miller, wife and brothers, who manifested their kindness to the school and interest in the cause of aiding the poor by very kindly offering their agreeable services.

SUIT FOR SLANDER.

General Manager Broughton Sues President Wm. McGrew for \$30,000 in the Federal Court.

This morning Mr. C. Broughton, general manager of the Chicago and Atlantic railroad, filed suit in the United States district court here, charging Wm. McGrew, president of the Huntington National bank with gross slander and assessing his damages at \$30,000. The complaint says that McGrew circulated a report that Mr. Broughton was drunk and in that condition rode over the Chicago and Atlantic in his special car. This coming to the ears of Mr. Broughton, he engaged the services of Judge J. S. Frazier, of Warsaw, and Hon. R. C. Bell, of Fort Wayne, who this morning filed the papers as above stated. The case will attract wide attention.

Maggie Mitchell's Vist.

It is a pleasure to announce the presence of Maggie Mitchell, who appears at the Temple opera house this evening. Maggie Mitchell is one of the fixed stars of the great theatrical firmament. Her place cannot be questioned nor her brilliancy dimmed. She shines always, we might say, with increasing light, never waning, never fading, but becoming more refulgent, more resplendent, as time wears on. Bonbraties, it is said, never grow old; rarely do they die. These sunbeams of the stage sparkle and glisten and dance on forever. Maggie Mitchell is a southerner. She will present her new play, "Maggie, the Midget."
